The savings of the merican people are now a long way wer \$5,000,000,000 a year, and the counry has become a highly developed state which, under all circumstances, cannot fail to maintain a high degree of prosperity, having regard to the large margins of profit behind the dividends paid by many of the American railways. It s obvious that those dividends are beter secured than the dividends of other

ndustrial enterprises. The position of the Bank of England ast week showed no material change. The reserve is now \$142,275,000 and the tock of gold \$188,565,000. The proertion of the reserve to liabilities has eclined to 43.61 per cent.

Big Advance. Washington, March 2.—State Depart-ment officials point to the increase of frade with South America from \$277,000,000 \$ the calendar year 1909 to \$73,000,000 in 32. Exports to Chill gained 140 per cent Swing the present administration; to Venezuela, 116 per cent; to Brazil, 104 per ant; to Colombia, 54 per cent; to Uruent, and to Peru, 36 per cent.

The trade with Brazil shows the largest 20,000,000 in 1909 to \$41,00,000 in 1922. Ex-Ports to Argentina increased from \$36,000. " to \$1,00,000; to Chill, from \$7,000,000 to \$5,00,000, and to Venezuela, from \$2,500 -10 to 35,700,600

Imports from these countries increased much larger totals, but not in as great reportion as the exports. From Brazil this country imported in 1309 goods valued at \$15,000,000, and in 1912 at \$172,000,000; fom Argentina, \$64,000,000 and \$85,000,000; om Chill, \$23,000,000 and \$28,000,000; from Colombia, \$12,000,000 and \$21,000,000, fom Venezuela, \$10,000,000 and \$17,000,000.

Albany, March 2 .- The housing of menmittee of the Progressive party in New tally defectives in state reformatories, in York State has been at work for some the opinion of the State Board of Charities, leads to delinquency and crime. For that reason the board believes provisio should be made by the state for the care of these wards in custodial asylums.

committee.

"The bill will be the conclusion of workmen's compensation experts who have been most prominent in the investigation and discussion of this subject in this country," the statement says. The Progressives would prefer either of the bills now pending if it were a choice between them and no legislation at all. The committee believes, however, that a better measure can be framed than these, basing the act on the foregone conclusion that the consultation that the consultation of the state, of which number some 20,000 are in the lower grades, provision for care at public expense is made for but approximately 6,000 men who have been assisted to help themselves at the November referendum."

The care of the feeble-minded in this state, "Says a statement to-day by the board, "continues to be a subject of such urgent importance that the board again proposes to bring it specially to the attention of the Legislature. While it is generally believed that there are about 30,000 of this class in the state, of which number some 20,000 are in the lower grades, provision for care at public expense is made for but approximately 6,000 men who have been assisted to help themselves at the Bowery Young Men's Christenson. pense is made for but approximately 6,000 | selves at the Bowery Young Men's Chris of this number.
